FIFTH SUNDAY OF EASTER

St Paul is at the heart of all that is going on in the founding church. This weekend we find him among people who still find it difficult to trust him because they know the hatred he once had for those who believe in Jesus. Now, they hear him preaching the word of Jesus. Yes, they have heard the story around his dramatic conversion but still find it difficult to reconcile the man before them with the man they had heard about. Still Paul is totally sincere, and is dedicated to spreading the message of Jesus. We can all find it challenging or perhaps even impossible to give someone the benefit of the doubt, the second chance and Paul stands before us this weekend, saying that is what we need to do. Is there anyone out there, anyone in your life, who might need a second chance or the benefit of the doubt?

CHARITABLE DONATIONS SCHEME

CThere is a scheme in place whereby tax paid on donations to charitable institutions may be reclaimed by those institutions. Many parishes currently avail of this scheme but, until now, we have not done so in this parish. Given our present situation and looking towards future needs of the parish, it seems that this is an opportune time for us to seek funding from this scheme.

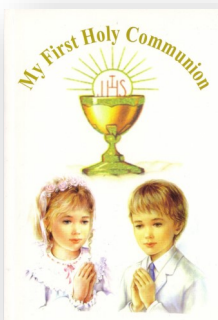

If your donations to the parish (Offertory and to the support of the priest of the parish) totals more than €250.00 per year, the tax paid may be reclaimed by the parish. This would be of significant benefit to the parish and would represent no additional cost to the donor.

There is a form to be signed by those concerned and this form will be made available to you in the coming weeks. It would be very much appreciated if as many as possible, with contributions in excess of €250.00 per year would sign and return this form.

Please give this some thought and when the forms are available take one, sign and return as soon as possible. This will be very helpful to the parish and will bring in some additional funding at no extra cost, funding we will need as we look to some projects that need attention in all our churches.

FIRST HOLY COMMUNION

We have set a date for the celebration of First Holy Communion. It will be on Saturday June 12th. Our numbers are small and we feel it is safe to proceed on the understanding that each child will be accompanied by two family members only. This will keep our attendance under fifty. Large gatherings, after the ceremony, are not currently permitted and we trust that all will abide by this.

RETURN TO PUBLIC WORSHIP

Returning to public worship is something we have looked forward to and it seems that we will be doing so in the coming weeks. Numbers attending church remain capped at fifty and we will work around this. As we had done before, we will alternate daily Masses between Kilmovee and Kilkelly and have weekend Masses in each church, two Vigil Masses and two Sunday Masses. In next week's bulletin we can set this out more clearly but, for now, we welcome the opportunity to return to Mass and be together in prayer.

Thank you for your support over the past months, since our last public Mass on Christmas Day. You will never fully know how much that support means and the difference it continues to make. God bless each and every one of you.

It is likely that we have lessons to learn from this time and, as a parish and diocese, we will have to face these in the future. We will need to look at how we are doing things at the moment and how we will continue them as we look to the future together.

This is for another day but that day is quickly overtaking us. For now, we give thanks that we are as far on as we are and we will journey onwards in faith and together.

KILKELLYNS

For those who wish to enrol for the school year 2021-2022 you are asked to visit the School Website and visit the following link kilkellyns.scoilnet.ie/blog/return-to-education-form

URLAUR LAKE

There has been some comment recently around littering at Urlaur Abbey and Lake. We are so fortunate to have this great amenity and spiritual landmark on our doorsteps and it is hugely disappointing that either would be disrespected in this way. The site attracts many visitors and they are welcomed but care of the place must be ensured. It matters to us all and is upsetting to see it badly treated. There is no reason or need for anyone to do this. Locally we will, as one, continue to show respect and will encourage all to do the same.

CEMETERY MASSES

Around this time of year, we usually publish dates for Cemetery Masses but, in the present situation, this is not possible. We will see how things progress over the coming weeks. It seems unlikely that we will have Cemetery Masses this year.
